|----|---|
| 2 | Acceptable Piping Material |
| 3 | |
| 4 | (1) 'Governmental agency' means a county government, |
| 5 | municipality, school district, public district, county board of |
| 6 | education, joint powers authority, water or sewer district, special |
| 7 | purpose district, or any other public or municipal corporation. |
| 8 | (2) 'Acceptable piping material' means piping material that |
| 9 | meets current and recognized standards. |
| 10 | |
| 11 | (A) A governmental agency that is procuring materials and |
| 12 | using state funds for a water supply, wastewater, stormwater, or |
| 13 | storm drainage project shall consider acceptable piping material to |
| 14 | participate in the bidding process for the construction, maintaining, |
| 15 | rebuilding, and repair for the project only if the use of that material |
| 16 | is commensurate with sound engineering practices and project |
| 17 | requirements as determined by an official engineer of the |
| 18 | governmental agency |
| 19 | (B) (C) Nothing in this section prohibits the governmental |
| 20 | agency from choosing a material at its discretion for a project |
| 21 | referred to in subsection (A)." |
| 22 | |
| 23 | SECTION 2. This act takes effect upon approval by the Governor. |
